

Toffeln®

FV001

Face Shield Premium Comfort Face Shield

The Toffeln Face Shield is designed and developed to protect the face from blood and other body fluid splashes during medical interventions or practices. It also provides a clear vision to the user. The face shield is designed to prevent contaminations through the eyes, nose, mouth and to reduce the risk of diseases spreading.

Key Features

- › Light
- › Ergonomic foam headband
- › Antifog
- › Single use
- › Can be used along with eyeglasses and masks
- › Wide shield provides full face protection
- › Elastic band provides a stable position on head
- › Soft forehead sponge enables long hours of use without discomfort
- › Double sided protective layers protect the film against scratches and dirt, can be easily peeled off before use.

Quality

Our Face Shield is manufactured under ISO 13485:2016 QMS and is CE certified. This ensures that we deliver products and services that consistently meet customer requirements, guaranteeing full customer satisfaction.
